

# UNDER THE SEA

## WORKSHOP INFORMATION

### Big Blue Sea (Ages 3-5 years)

11:00am

Come and dive into the ocean blue,  
Where a wondrous world waits for you.  
Limpets and mussels cling to the rocks,  
While Olly Octopus searches for socks!  
Animals circle around their prey,  
Will a shark will be guilty of foul play today?  
There's always plenty to see and do,  
On our Home Educators' Day with you.

### Beside the Seaside (Ages 5-7 years)

10:30am  
&  
12:00pm

Let's explore the diversity of animals that make their homes by the coast. This workshop takes the children on a seaside journey exploring the term 'habitat' and classifying common seashore creatures.

### CSI Sharky (Ages 7-11 years)

10:30am  
&  
1:30pm

Help us solve this dastardly crime! Identify our mystery criminal by discovering who's eating who. Explore predator - prey relationships, ocean food chains and improve your microscope skills.

### Survive and Prosper (Ages 11+ years)

12:00pm  
&  
1:30pm

Using examples from exhibits past and present, this fascinating presentation looks at some of the physical and behavioural adaptations that help species to survive and prosper.

# HOME EDUCATORS' DAY

## FRIDAY 19TH APRIL 2024
